Re: Engineering Services

Dear Mr. Hall,

This letter is to express my appreciation for your firm's service to us.

Your ability to respond to our particular needs has been a great benefit. We have used your firm for various civil engineering services in support of our expansion project at the Fauquier Hospital Campus in Warrenton, Virginia and have found your staff to be easy to work with and responsive to our needs. I have been impressed with your staff's professionalism, their attention to detail, their ability to provide high-quality services in a timely manner and personal attention I received.

In conclusion, I have no concern in recommending your firm for engineering services.

Sincerely,

Rodger H. Baker  
President/CEO
