To Whom It May Concern:

This letter is to commend the performance of DRH Design Group, Inc. of Warrenton, VA. I have had the pleasure of working with Dave Hall of DRH on several United Rentals projects in Northern Virginia and in Maryland, with project budgets totaling several million dollars. DRH has provided inspection services, surveying services and the complete design of the sites and buildings for UR projects.

I have always found DRH to be competent and very responsive. They have always made themselves available for meetings in timely fashion with governing bodies as needed in obtaining permits and resolving issues that have arisen. They have always been available for meetings with UR and our contractors to address questions and any issues. DRH has been very thorough in their follow through, right through the completion of our projects. Their promptness in responding to issues has been especially helpful to me in keeping our projects on schedule.

I look forward to working with DRH on other upcoming UR projects, and would recommend them to anyone considering their services.

Please contact me if you have any questions regarding this letter.

Sincerely,

A handwritten signature in black ink that reads "David M. Grzelak".
